

Coffin and casket catalogue and pricing

There are different kinds of coffins and caskets with prices varying from \$695 to \$4,017, including GST.

You may want the simplest option. A direct cremation coffin (not pictured below) is \$150. Our most popular coffin for a funeral is the Richmond (see overleaf), comes in different styles and is \$695 for a standard size.

Alternatively, you may wish to review more of the catalogue. If so, consider the style, materials and purpose. A coffin is tapered at the head and the foot, whereas caskets are rectangular in shape.

Some coffins have more of a flat lid which allow more memorabilia to be placed on them. Others are more environmentally friendly. For a funeral with a cremation, families tend to opt for a simpler coffin. For an in-ground burial, sometimes families want a coffin that will last longer because of its construction and materials. An above-ground burial requires a zinc liner and a solid timber hardwood coffin is advised.
